### Notes on Council Statement

As more time has been had, to examine the statement so thoughtfully provided for the rate payers by the town council the significance of certain items has made itself manifest.

The first item that meets the eye is that "old pipe line," \$4075.00. This is an account that certainly ought not to be registered against the present council as a part of their deficit. The old timers know the history of the original pioneer light company and the succeeding trustees and will readily see that this is a heavy whacked liability that the present council could not, even if they would, remove until the legal aspects of the complicated cases are adjusted. Remove this item from the deficit and \$7502.11 is left as the amount of this year's demands over the estimate made at the beginning of the year.

The liability to Brockville is also a relic or leftover from a previous year's business. Unfortunately some serious blunders was done some where in the past years but the council of 1911 had this placed on their shoulders by the previous council. It remains alone to say that the contractor be compelled if it be possible to place the pipe line in as satisfactory a condition as possible before any part of this sum be handed over.

The uncollected balance of current taxes is large but there is no doubt that much of this will be recovered before the end of the year. Money has been tight and much of this outstanding may belong to citizens who could use the money during these lean months to buy groceries advantageously than by taking advantage of the rebate for taxes paid prior to Nov. 1st. Hence it is judged that a good portion of the \$144,959.41 will be received in full by Dec. 1st.

The unsold debenture issue of \$5000 can be sold at present at about \$10 less than the estimate \$8100 and the council are holding out for a better percentage. This item is very conservative and as an asset is under rather than overestimated.

But \$2200 outstanding light accounts seems an unnecessary large sum. The policy of the council has been perhaps too lenient in this regard. Users of municipal light and water should be at once deprived of these conveniences if it means adoption of certain of the features it would work no hardships because each and every one could and would dig up the necessary money rather than lose their convenience. A sharper and more vigorous policy would bring in the larger percentage of the arrears.

The separation of light and water departments are confusing in the report. It seems to many that these departments being so interdependent should be combined and a more detailed statement given. Taking operation, the item of operation of water department given at \$628,504 is not clear to the citizens' minds; and the fact seems clear that either department may be favored by the distribution of liabilities to these branches of the municipal services. The report is not so explicit as might be desired and the citizens should get more enlightenment as to the apportionment of the liabilities of operation to these accounts.

In the publicity department after deducting \$100 for good for Band and Trade, which is a very small credit if this board were active, there remains \$143,646 for trips to various places most of which were caused by this session of the C. N. R. branch. While this question is rather delicate one to approach it would be well for our present council to be prepared with statements to give the citizens of our town a clear and intelligible knowledge of what the council has done and does expect to result in this matter. For though the sum to be spent the council should give the citizens an insight into this. Rate payers are not always free and it would be diplomatic to extend some release in this.

The item for the light department for coal must be very much in excess of the estimates. The citizens have how his own coal ball books and have recently understood that at least

20 per cent is added as an increase owing to the unfortunate dispute between the operators of coal mines and their workers.

On examination of the Public Health and Finance committee's statement one is impressed with the idea that if a more vigorous system were evolved the item for fines would be much increased. An explanation of the item of \$145,230 for expenses would bear a little explanation. Of course the deficit in this department of \$89,182 will be badly shaken when the full tax levy is collected, as out of nearly \$150,000 uncollected taxes surely this deficit will be materially reduced.

### School Curriculum Changes

Edmonton, Nov. 21. Results of the work of the curriculum committee of studies of Alberta schools were announced by the deputy minister of education to day. It involves a sweeping change in the department of standards in vogue up to the present time, which, together with the changes in the school curriculum, will be brought into effect throughout the province on January 1st. By the new grade system, the work will be divided into twelve grades, and in each of them there will be a course of study requiring 12 months. There will be eight grades in the public and four in the high school.

In the new curriculum "science" will have an important place. This, possibly, is the most important innovation to be embodied in the new course of study.

Another important departure will be the teaching of agriculture, and a new and more comprehensive plan. This subject will be then led up to in the nature study course. The fundamentals for the course will be acquired in the elementary grades, by nature study, which study develops on the one side into the subjects of geography on the one hand and agriculture on the other. There will be a two year course in agriculture in the public schools and a one year course in the high schools.

The new curriculum is based upon the report of the committee selected over a year ago to draw up a report on the desired changes. It will not be enforced universally at first. In the rural schools, especially, the adoption of certain of the features will be optional, though the grades system will be made general.

The change is tentative. At the end of 1912 other changes may be effected by the department, which will be guided by the experience gained during the coming year. Copies of the curriculum are being printed and distributed to all schools in the province.

### Saskatchewan Elevator Scheme

The essential features of the Saskatchewan co-operative elevator scheme are:

First. The creation of a company of farmer shareholders, entirely controlled by themselves.

Second. That in any district where an elevator is desired, the farmers of that district must subscribe sufficient capital to cover the whole cost of building the elevator, 15 per cent of which must be paid in cash. A further condition is that the shareholders must possess a crop acreage in the extent of 2000 acres of crop for each 1000 bushels of elevator capacity required.

Third. Upon the fulfillment of the above conditions, the government advances the remaining 85 per cent of capital expenditures required, which must be repaid in twenty equal annual instalments principal and interest.

Fourth. Provision for a reasonable method of distribution of profits, thus stimulating local loyalty to the institution.

Fifth. Provision for special financing of the farmer grain elevator, thereby enabling him to keep his head whenever needed.

The company's work for the present season was confined to the organizing

of 40 locals. Arrangements were made for 10 new elevators and 6 were purchased. Although the contracts for the new elevators make provision for their completion at definite dates, some disappointment has been caused by delays consequent upon bad weather, lack of railway facilities in some quarters and the difficulty of securing labor during the harvest time.

At present 21 of the houses are being opened, and the remainder are coming into operation as soon as completed. Close to 1,000,000 bushels of grain has passed through the elevators, up to date, about one-third of which has been purchased, and the remaining two-thirds specially binned for the farmers.

The experience of the management up to the present time has been that the system will realize in full measure the purpose for which it was created, the farmers having shown their interest and loyalty to a remarkable degree.

### A Life Sentence

The Grannum News reports the marriage of C. B. Marzetti and Ruth Bisset, both of Meadow Creek, at the home of J. B. Allan of Clareholm, on Wednesday last week. Mr. Marzetti's home was in Toronto, but he has been a resident of Meadow Creek for some years. The bride is the daughter of J. B. Bisset of Meadow Creek. Mr. and Mrs. Marzetti will continue to live at Meadow Creek but purpose making their home in Vancouver in the near future. The congratulations are extended to the happy couple.

### Activity at the Rink

This week has been a week of activity for the executives of both Skating Association and Curling Club. The lease has been built for an open air rink and the waiting room is nearly completed. The curling rink is completed save putting the paper on the roof and some minor work details. Ice will be made in this just as soon as the weather man will permit. The water connections are all laid out and the curling rink and with the installation of the lights, the caretaker will begin flooding the rink. It ought to be soon open matter to get the ice in the closed in building. The skating association has completed the rink and the organization will be completed by the election of slips at the meeting Friday night. These of the executives of the Curling Club have not a little more to be done, now as paying for cold water will be the next duty of the committee. Very little assistance is needed for this line from the Skating Association, for committee. If you don't believe this get the Review of a couple of weeks ago and look up the names.

### The Canon Will Preach

Canon Hughes of Calgary, will conduct services in the Anglican Church here next Sunday, Dec. 3rd, as follows: at 8 o'clock, Celebration of the Holy Communion; 11 a.m., Morning Service and Second Celebration of the Holy Communion; 7:30 p.m., Evensong and Service. The hymns in Vancouver in the near future. The congratulations are extended to the happy couple.

**FARMERS List With Us At Once****Local Address Box 39 Claresholm, Alta.****Eliminate the Fire Danger**

An interview with an engineer given recently in a western paper to the effect that there is abundant timber on the line of the Hudson Bay Railway is an illustration of the misapprehension in regard to this matter that exists in the public mind. Because there are large areas of land in the north on which there is timber of some kind, the conclusion is reached that it is all of present value and that the country has an unlimited supply. As a matter of fact a careful inspection of the timber along the line of the Hudson Bay Railway made in the years 1910 and 1911, by the Forestry Branch of the Department of the Interior, shows that there is not enough mature timber along the line of that railway to build the road. There are no prairie districts of any extent along the route; there are trees everywhere, but owing to repeated fires the forest is, except on the most fertile of the area, too small for commercial purposes and unless it can be protected from fire until it reaches maturity, will never be of any use to the country. Explorations in other parts of the northern forested districts tell the same tale. Everywhere fire has worked havoc, and the forest is a new growth of which it might have been if fires could be prevented. And unless adequate measures are taken now to protect the young and immature forests which form the main part of the stand, the only way the timber is made too good.

If the northern forests are to continue to be a permanent source of wealth to the country, it is absolutely necessary that the fire rating, system should be extended and that proper methods of management of the forest should be applied, and public education to the value of the forest is even more necessary.

Sweden, which has large extents of northern forest, practically uninhabited, similar to that in northern Canada, has done this naturally by educating her people to the value of the forests.

"Aren't you afraid you will catch cold on such a night as this, my boy?"

"No, sir. Still, I hope it's up the chimney!"—Lippincott.

**Can You Ask More?**

Your Money Back for the Asking.  
You Promise Nothing.

We are so confident that we can furnish relief for indigestion and dyspepsia that we promise to supply the medicine free of all cost to every one who uses it according to directions who is not perfectly satisfied with the results. We exact no promises and put no one under any obligation whatever. Surely nothing could be fairer. We are located right here where you live, and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one who is troubled with indigestion or dyspepsia in any form to come to our store and buy a box of Retail Dyspepsia Tablets. Take them home, and give them a reasonable trial, according to directions. If they don't please you, tell us and we will quickly return your money. They have a very mild, but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity. Three sizes, 25c, 50c, and \$1.00. Remember, you can obtain Retail Remedies only at our store. The Retail Store, O. L. Remick.

**Investment That Pays**

No home in Western Canada can better invest a dollar than send it for a year's subscription to The Family Herald and Weekly Star. That paper has been a blessing in thousands of Western homes. Its agricultural columns are as good as a course in a college. Its world's news page covers everything in the news line and its magazine section provides ample reading for the whole family. Any person seeing the beautiful picture "A Home Again" in a shop window would readily give two dollars for it, yet it can be had absolutely free by sending a dollar for a year's subscription to the paper. Such a paper for a year with such a beautiful picture all for the price of a bushel of wheat is certainly a good investment.

**Money in Poultry**

The Editor of the Canadian Poultry Review, the people's popular poultry paper, tells us that this paper has been greatly enlarged and is filled with all that pertains to poultry, both from a practical and a fancy standpoint.

Prof. A. G. Gilbert, Manager Dominion Government Poultry Farm, Ottawa, is still in charge of the Poultry Department. Rev. J. N. Williams, one of England's most noted experts, writes interestingly each month on poultry diseases in the Old Land. Mr. H. S. Baker, Providence, R. I., is another prominent writer and breeder on this paper's regular staff, and there are dozens of others. Each phase of poultry keeping, poultry exhibiting, etc., is fully covered and the pages of the Review are replete with half-ton reproductions from life, of famous birds, plans of up-to-date houses, utensils, etc.

The subscription rate is fifty cents per year, but readers of this paper can have it at three years for \$1.00, and sample will be sent free on application to Canadian Poultry Review, 184 Adelaide Street West, Toronto, Ont.

**NOTICE**

NOTICE is hereby given that in accordance with the provisions of the Irrigation Act, the undersigned has filed the necessary materials and plans required by Sections 12 and 13 of the said Act with the Commissioner of Irrigation, at Calgary, Alberta. The applicant applies for the right to divert sufficient water per second from a SPRING CREEK on the Northwest quarter of Section 25, township 11, range 20, West of the 11th Meridian, for irrigation purposes, and for the right to construct the necessary works as shown by the memorial and plans filed, on the water so diverted to be used for the said irrigation purposes, on the said north-west quarter of Section 25.

Dated at Meadow Creek, Alberta, this 11th day of October, 1911.

Fred Jacobs,  
Applicant,  
11-30-11

**Tight Coopage Manufactured - 1910**

Tight coopage barrels are used in the shipping of wines, whisky, beer, ale, oils and other liquids, and the stock used is required to be clear and of a species which will not impart its resinous or other taint to the contents. For these reasons oak, moderately white, is the principal wood used by the trade, and as this species cannot be obtained in Canada, the large shippers import it either as staves or in the log, from the United States. In the latter country, however, gum and basswood are rapidly taking the place of oak in sawed light coopage, so that in a short time a change may be looked for in the woods used in Canada. Statistics compiled by the Dominion Forestry Branch at Ottawa show that the tight coopage industry in Canada during 1910 amounted in value to three hundred and forty-five thousand dollars. Nearly four-fifths of the total value was composed of staves, while leading to the value of \$22,000 made up the balance. The stave production was as follows: 7,137,000 sawed staves worth \$185,788; 922,000 ab and beer worth \$44,844; and 319,000 buckled and split worth \$22,000. Oak formed nearly three-quarters of the sawed staves, all the ab and beer staves, and all the buckled and split. Gum, a species of wood not hitherto reported, which should prove itself very satisfactory on account of its durability and freedom from decay, stands third in the sawed stave trade. Last year, with a production of 437,000 staves it surpassed all the native species except spruce. To fill the demand for tight coopage in Canada, imports are reported by the Department of Trade and Commerce were as follows for 1910: 7,220,000 oak staves valued at \$220,672; stave bolts to the value of \$25,888 and 168,411 empty barrels worth \$112,128.

Kidder. Do you know that women talk less in February than in any other month of the year?  
Green. I don't see how you figure that out.  
Kidder. It's two days shorter, you know.

**Bachelors' Dance**

The Bachelors of Meadow Creek will give their third annual dance at the Meadow Creek School House on the evening of Friday, December 8th, 1911. Admission, gentlemen, \$1.00.

**Children Injured**

Ordinary Cathartics and Pills and Harsh Physic Cause Distressing Complaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Retail Remedies as the safest and most dependable remedy, which we know, for constipation and associated bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it on our risk.

Retail Remedies are often just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Retail Remedies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Retail Remedies in Claresholm only at our store. The Retail Store, O. L. Remick.

**Auction Sale of Land**

NOTICE IS HEREBY GIVEN pursuant to the Order for sale of His Honor J. L. Crawford, Local Judge of the Supreme Court, Alberta, that there will be sold by public auction at the Court House in the Town of Mielock by Duncan J. Campbell, auctioneer, at the hour of two o'clock in the afternoon on the 15th day of December A.D. 1911, the following lands and premises in one parcel, namely, the north half (less the right of way of the C. & E. Railway Company) of section 30, township 11, range 26, West of the 4th Meridian in the Province of Alberta.

The said half section comprises 24.24 acres more or less, of which 20.0 acres are broken.

The land is all fenced with a two wire fence.

The said land is six miles from Claresholm and five miles from Graman, and there is a station called Woodhouse with four elevators and sectionman's house on the right of way of the C. & E. Railway at a point where the said railway crosses the said land.

There is a house 12' x 14' and stable 16' x 27' situated on the north-east quarter of the said land, and there are two wells on the said land, one of which has an excellent supply of water.

There is also a school, named Hoozer School within three miles of the said land.

This property will be offered for sale subject to a reserve bid fixed by the Court or a Judge thereof.

TERMS, 10 per cent cash at the time of sale, and balance without interest within 90 days thereafter. Other conditions of sale as settled by the Court, and which will be read before sale is held, or on application to J. R. Watt, Claresholm, plaintiff's solicitor.

AND the proceeds of sale will be paid into Court to the credit of this action, and be paid out in accordance with an Order of this Honourable Court or a Judge thereof except the deposit of 10 per cent.

DATED this 21st day of November A. D. 1911.

J. L. Crawford,  
J. R. Watt, Solicitor,  
Claresholm,  
11-29-11

## Clareholm Review.

ESTABLISHED 1904.

at Clareholm, Alta.

\$1.50 PER YEAR SINGLE COPIES 5c.

H. DUNCAN, EDITOR.

## CRYSTALLIZED PUB-

## LIC OPINION

The annual meeting at which the town council consider the fire of the rate-payers will be over, perhaps, before this paper has reached the hands of our readers. It is to be hoped that a large attendance of the citizens will be had. It is also hoped that every man will have his questions answered so that the work of the council for 1911 will be well understood. It has seemed to us that Mayor Milnes has been given a good trial in the chief magistrate's chair. Filling out the unexpired term of the late Jas. Clarke as mayor and occupying the chair at the end of the table during this year, the mayor has proved his qualifications for the position and has proven the wisdom of the choice that suited him when he is. His success in his own private affairs has been duplicated by his success in the business affairs of the people of Clareholm. The mayor is not a talker but he is, better than that, a doer. His good counsels and sound judgments have conserved the interests of the rate-payers and won the respect of his colleagues. In the present condition of the town's finances it might be disastrous to install a new or untried successor. It does not follow in every case that a good councillor will make a good mayor. At present, no name has been mentioned publicly as a likely aspirant for mayoralty honors. It is generally felt that if Mayor Milnes would consent to remain the executive head of the council, he would be returned without opposition. But, even in the event of opposition, we would like to see Mayor Milnes stand for reelection for at least one more term.

As far as the council is concerned Messrs. Bloor, Hutton and Price have one year before they appear before the electors. The first named has had charge of the hardest department in administering the council to the greatest criticism and one requiring the greatest supervision of all. Nothing in the nature of adverse criticism has been heard of Mr. Bloor's work. Councillors Holmes, James and Bowen are the retiring members. Mr. Holmes is much credited on the council board much more to our mind than in any other capacity and we think it would be very wise to induce Mr. Holmes, if possible, to stand for reelection. He possesses a natural aptitude for the position and as he is well versed in council routine and thoroughly posted on all business affairs passing in review during the year's work and can talk with and convincingly we would feel that the strength of the council would be impaired were Mr. Holmes to be lost to this body. Let the mayoralty here remain under the hat for another year, and give his valuable services on the board, would be our advice to Mr. Holmes.

Councillor James' work during the year on the Local Improvement Committee appears to us in our particular opinion. Mr. James has initiated outgoes to work and does things that need doing without being hampered by red tape. A young man's enthusiasm is his effective ally. We feel that it is the urgent wish of the large majority of the rate-payers that Mr. James offer for reelection.

The work of Mr. Bowen on the council has been appreciated but in this position has commenced his position of selling his business here, the result of this conclusion might not be so important. Several names have been mentioned as his successors. A considerable number

## Re-Organized--Going

## After Business

The Foot Hills Lumber Co. has been reorganized and put on a more permanent basis. Several changes have occurred in the personnel of the company and last Monday new officers were elected. Thomas Moore is president of the reorganized company, and his son, T. O. Moore, is the secretary-treasurer. William H. Coyle is manager. A new 100 hp. Leonard engine and boiler is purchased and will be installed right away. It is the intention of the company to begin logging operations on Dec. 11th and the mill will be operated as a permanency. In the near future single and both machines will be put in and the Foot Hills Lumber Co. will soon be in a position to supply the ranchers and others with any lumber they may require and at prices which will defy competition. This forward policy will increase the usefulness of this mill to the district and the commendable enterprise of the gentlemen now constituting this company is worthy of appreciation and patronage.

## HOW WILL THE MONEY BE SPENT

Calgary did itself proud when in a remarkably short time \$100,000 in subscriptions was secured for public purposes. But Calgary evidently will not require this now that she is getting such a notoriety from the murders, hold-ups and assaults which are chronicled from day to day.

The question of "How Will the Money be Spent?" is to be considered at a meeting to-night. We think we could suggest, in a patrol reporting system. Put the patrol boxes in the most dangerous places, fasten on the patrolman "ringing in" at regular intervals thus ensuring that the patrolman is visiting the places that crime prefers and not shunning them for the more interesting places where, by virtue of the subtle light of three-lamp which draws are impulsive. Use some of the \$100,000 to get more night-lights where they will do the most good, for light and crime are antagonistic (see perhaps red light). Use some more in bringing from some of the larger centers experienced plainclothes detectives who have something more than a Scotch lull to recommend them. Use more to secure the services of policemen, trates, not possessed of "muddy cobbling" of reforming subscriptions by putting a premium on crime. Use more by increasing the staff and selecting men of brains rather than brains. The day has gone by when a policeman can be measured by advantages. Get a mind with a strong arm in preference to a strong arm without intelligence. Big men are not criminals or the criminals are not generally the big men, which ever way you like it. Use some more to weed out the unfortunates and the local from chief Mackie's force. But more power to his hands for ever and ever. Let him take a most capable officer and while Calgary will lose much undesirable notoriety there will be enough left of the \$100,000 to afford rewards for the apprehension and conviction of the murderers and thugs that had the city so engorged. If that takes it all go back and top the citizens for another \$100,000 when the last was overruled. When this is done many of us will not be afraid to give Calgary on business with more than 20 cents in our pocket.

An audience says the biggest threat to peace in the country, newspaper it reads, everyone gets carried by trucking, telegraphed for passing, and it is a waste for bringing gets carried by trucking. There is only one way to be re-organized.

## Mr. Yule in "The Rivals"

William Yule, the able comedian who has so firmly established himself in the favor of metropolitan theatregoers will shortly be seen here in a revival of Richard Brinsley Sheridan's famous comedy of manners "The Rivals." Mr. Yule, of course, will assume the role of the valet Bob Acres, who is willing to fight for the favor of his lady-love, but who is put through some very trying scenes by his lady-love's many difficult roles such as Sir Lucius O'Trigger, Mrs. Malaprop, Sir Anthony Absolute and the others of the play.

This will be a rare opportunity for students of English literature, but the fact that "The Rivals" is a classic need not frighten away those who have not yet had the opportunity of reading or enjoying it on the stage, for it is one of the clearest and cleverest comedies ever presented, and is most fascinating for the lines are brilliantly witty and the situations exceedingly droll and humorous.

No doubt a large and brilliant audience will assemble to see Mr. Yule and his company in "The Rivals" at the LOUPE, Hall, Clareholm, on Tuesday, December 5th, when they appear for a limited engagement of one night only.

## Gastronomics and Aesthetics

The ladies of the Presbyterian Church announce that, in view of the fact that the anniversary of the church will be celebrated by special services on Sunday, December 3rd, they will entertain at a most delicious dinner or tea on the evening of Monday, December 4th. Elaborate preparations are being made to host the most men and women to regulate the rest of him or her by a splendid entertainment which is to follow the dinner. Fifty-three p.m. is the hour appointed for the feast and the program for the night's amusement. An admission fee of 20 cents entitles one member but patron of the programme, but not necessarily of the entertainment, to the most lovely of the

## Chiefly: Clareholm

J. Russell, of Nanton, was in town last Tuesday.

A. C. Cleaver, of Willow Creek, was in on Tuesday.

R. G. Bisset, Meadow Creek, was in town on Friday.

F. O. Wallman, of Banff, visited this town last Monday.

A. Jacobson and wife drove over from Banff last Tuesday.

Harry Dawson was in from his ranch near Lyndon last Monday.

Mounted Police detachments have been reported at Stately and Nanton.

G. H. Stenshorn, Massey-Harris dealer, was in town, the end of last week.

Thomas Moore, Jr. was the guest of Dr. and Mrs. Learn for a few days this week.

S. Coulter, of Victoria, B. C., is visiting his brother, Robt. Coulter, of Willow Creek.

R. A. Kincaid and J. H. R. Thorey, of Banff, were among our Sunday visitors this week.

An inherited man was thrown off a train the other day and gathered in by the mounted police.

Rev. Fr. A. Beausoleil was here from High River to conduct services in the Roman Catholic church last Sunday.

R. Thoms, of Winnipeg, paid the town a visit last Monday in the interests of his company, the Toronto Type Foundry Co.

Thomas Moore of the '44' and W. H. Cody went up to Calgary on business last Monday evening and returned Wednesday evening.

D. A. McKinnon and wife came in from Meadow Creek to hear the 'Allen Players in 'The Spiders.' They were guests of Mrs. (Dr.) Learn.

P. Murphy left on Tuesday for Inverness, Montana, where he purposes disposing of his property and returning to Clareholm at an early date.

R. B. Crane, of Cranbrook, a brakeman in the employ of the C. P. R., had his finger crushed at the stock yards on Monday. The injury was a very painful one and resulted, in the loss of the finger.

The announcement was made that a meeting of the Curling Club will be held in T. L. Bernard's office at 8 p.m. next Monday (Friday) night, for the election of vice and other important business.

On Saturday at the Barnacks the negro who is charged with the attempted murder of Wesley Bunting, of Stately, on Nov. 11th, was examined before Insp. Tucker, J. P., and committed for trial on the above-named charge.

Mrs. Fred Vanshier who has been moved for a few weeks was taken to the general hospital at Calgary yesterday morning where she can receive better care and attention. Her many friends would rejoice to see her health restored speedily.

The stock yards presented a busy scene on Monday when 20 carloads of cattle were loaded and shipped by the W. R. Ranch. W. R. Hall of Calgary, was here with a large staff and turned the cattle over to Galt, Jack, who purchases for the Swift Canadian Co.

Wesley Bunting, who was assaulted by a negro a short time ago, returned from the hospital where he had been recovering from a broken head, last Saturday and went out with a throbbing gait on Monday. His recovery relieves the negro of what might have been a more ugly situation.

"The Birds," which stands pre-eminent as a laughter-provoking comedy, apart from its undisturbed literary merit, is the latest addition to the classic repertoire of Mr. Wilton Yale. Canada's most distinguished comedian. This famous play will be presented at the L.O.O.F. Hall, Clareholm, by Mr. Yale and his Metropolitan company on Tuesday, December 4th.

Rev. W. G. Farnum, provincial secretary of the Social and Moral Reform League of Alberta, delivered an address in the Presbyterian Church last Sunday evening and gave the address a talk on Monday night. While here he endorsed the opportunity to solicit some contributions for the League and its work.

Mr. Farnum left on the Tuesday night train for the north.

Adam Link, of Lethbridge, the homestead inspector, was on official business in this district last week and was registered at the Queen's on Saturday.

### Snow--Sifts

Married--At the Methodist parsonage, Clareholm, on Monday, Nov. 27th, at 1:30 p.m. by the Rev. J. M. Harrison, Albert Arthur Snow, of Wheat Centre, Alta., and Clara Sifts, of Gull Lake, Sask.

### Increase in Population

Born--On Saturday, Nov. 18th, to Rev. J. A. and Mrs. Lavik, a daughter.

Born--On Friday, Nov. 24th, to Mr. and Mrs. Geo. Stange, a son.

Born--On Saturday, Nov. 26th, to Mr. and Mrs. Geo. Butler, a son.

### A Real Loss

It is with profound regret that we learn of the resignation of H. W. Brownlee, who for over four years has been principal of our public school. It is with deeper regret that we learn his resignation is forced by his ill-health. Mr. Brownlee purposes going south for a rest, we understand, and the people of Clareholm hope that he may recover his health as a result of his rest. Mr. Brownlee's services to the pupils of this town have been most valuable and it will be a very difficult task to select a worthy successor. His decision to resign his position will remove from our midst a man who has taken no small part in the public and social and religious activities of Clareholm.

### An Enjoyable F action

The Bazaar conducted by the ladies of the St. John Church held in the L.O.O.F. Hall last night, was a great success from the standpoint of finances and social enjoyment. The ladies made over \$200, and everyone present had a most enjoyable time. Potentially decorated ladies filled the interior of the Hall and the stage was given over to refreshment tables. The Fancy Work booth was presided over by Mesdames Bernard, Kingsley and Miss Kingsley. The Apron booth had the attention of Mesdames J. E. Moffatt and Reinecke. Mesdames Lave and Burton had the Handkerchief booth. Mrs. Hanly presided over the Art exhibit and Mrs. Elmer conducted the Junipine display. Mesdames Reed, Reid, Lindsay and Mrs. Hall displayed tea and Misses Weiss and Elsie Carter handed out the sweets. At the dance which was voted the best of the season, over eighty couples swung and circled and swayed to the merry strains the orchestra. Mr. and Mrs. F. McCormick, coaxed from the strings. The whole affair was a huge success.

### A Gift With a Thought in it

What other Christmas present costs so little and means so much as a subscription to The Youth's Companion? 52 weeks to any Canadian subscriber for \$2.00! It is a gift which benefits not only the one who receives it, but every member of the same household.

With many Christmas presents the sense of novelty wears off by the week's end, but The Youth's Companion is as new and sought after the fifty-second week of the year as the first. It is elastic in its adaptability, too, for it does not matter whether the present is for a boy or a girl, young married people, school couples, grandparents there never was one yet who did not set store by The Youth's Companion. You cannot make a mistake if you give The Companion and it is only \$2.00 a year now to Canadian subscribers. On January 1, 1912, the price will be advanced to \$2.25.

The one to whom you give the subscription will receive free The Companion's Calendar for 1912, filled with interesting and useful, and you are given off the subscription, will receive a copy of the Calendar.

The Youth's Companion, 111 Berkeley St., Boston, Mass. Send subscriptions received at this Office.

Union Bank of Canada

a course of lectures on Good Roads is suggested in another resolution.

Mrs. A. E. Todd, of Victoria, was elected honorary member of the Canadian Highway Association. Much of the credit for the success of the formation of the Canadian Highway Association is due to A. E. Todd, of Victoria, and W. J. Kerr, of Westminister, who was rewarded for his energetic work by being given the first presidency of this ambitious organization.

Dated at Clavich this 21st day of November 1911.

John Robertson,  
Executor.

J. R. Watt,  
Solicitor for executor.

Approved J. L. C.

#### A Reminder

If you have an "stray animal" on your place, and you are not advertising said animal in your local paper, there are three or four right next to us who are breaking the law and leaving themselves open to liability. Our Business-Deeds column is for just such a purpose. The charge for the advertisement is paid by the owner and not by the one who is harboring the stray animal.

#### VILLAGE CUSTOMS.

#### Dice Throwing in a Church Among the Curious Ones.

A custom which probably comes down from the days when the king and his nobles went hunting in the forest is still observed at Athol, in Staffordshire. It is called the "Hunt" and is a game which is played by twelve men, six of whom are the "huntsmen" and six are the "hunted." The game is played on a large piece of ground, and the "huntsmen" are required to "hunt" the "hunted" by throwing dice. The game is played in a church, and the "huntsmen" are required to throw the dice in a certain manner. The game is played in a church, and the "huntsmen" are required to throw the dice in a certain manner.

Phone 2753, 100 6th Ave. E., CALGARY, ALBERTA.

#### Got Us All Beat So Far

#### There reached this week a copy of the Progress Number of the Red Deer News. It is, by all odds, the most interesting we have seen in this line. In the West and it reflects a credit upon the publishers. The choice of material is excellent and the typography and design most pleasing. Red Deer ought to be proud of herself in relation to this publication, and it will, without doubt, and materially in bringing a larger measure of prosperity to the town.

#### Reporting the Cause of Death.

#### Taking the United States as a whole, the registration of births and deaths has been greatly improved, and in 1880 the only states enforcing laws compelling returns of the causes of death were Massachusetts and New Jersey. These have recently been added to, until at the present time thirteen states in non-registration states have passed laws or ordinances requiring the attendance of physicians to report the cause of death before the funeral of the deceased. We have also in 1880 we have about 55 per cent of the total registration of the continental United States and the registration area—Medical Record.
